# Memorandum

**Date:** December 3, 2013

**To:** Honorable Chairman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Historic Preservation Ad Valorem Tax Exemption for  
4320 Santa Maria Street, Coral Gables, FL

---

## **Recommendation**

It is recommended that pursuant to the provisions of Florida Statute Section 196.1997 and 196.1998 and Miami-Dade County Ordinance 16A-18 that the Board of County Commissioners (Board) approve the resolution for the Ad Valorem Tax Exemption for the property located at 4320 Santa Maria Street, Coral Gables, Florida.

## **Scope**

This property is located within Commission District 7 – Commissioner Xavier L. Suarez. However, the impact of the agenda item is countywide and does not have a separate impact upon one or more commission districts.

## **Fiscal Impact/Funding Source**

The portions of taxes that will be exempted if this application is granted are estimated at \$1,717. (Calculations are provided by the Property Appraiser; see the attached "Revenue Implications Report").

The approval of this application does not provide a complete exemption of all taxes on the property. The exempted portion is based on how much the property value increased, due to the renovation. For the ten-year abatement period, the County will continue to collect taxes on the property using property values previous to the renovation. Following the ten-year abatement period, the County will collect taxes on the full value of the property, including the renovation.

## **Track Record/Monitor**

Mark Woerner, Assistant Director of Planning in the Department of Regulatory and Economic Resources will be responsible for implementation. County Historic Preservation staff or the Preservation Officer of the municipality in which the property is located will conduct periodic reviews of the property to insure that the improvements are maintained for the duration of the tax abatement.

## **Background**

**Enabling Legislation:** In 1993, the State legislature approved Tax Exemptions for historic properties and enabled local governments the option to provide this property tax exemption for eligible historic properties.

The purpose of this legislation is to encourage the preservation of historic buildings by offering an economic incentive to those property owners who take on the responsibility of restoring and maintaining a designated historic structure. The exemption is not for the entire assessed value of the property. The tax exemptions are calculated from what the value of the renovations to the historic property were, and only apply to the countywide portion of the property's tax bill. An exemption may also be granted on the municipal portion of the property tax bill if approved by the relevant municipality.

All applicants must meet certain criteria as set forth by the Florida Department of State, Division of Historical Resources in order for a tax exemption to be allowed, including:

- Certification that the property has been designated historic (by the applicable preservation board)
- Certification that the property has received approval for the improvements (by the applicable preservation board)
- A determination that the planned improvements are consistent with the Secretary of the Interior's Standards for Rehabilitation.

Overview of the Application Process: Part I of the application must be submitted prior to construction. When the project is completed, the owner/applicant must submit Part II of the application, and a signed covenant. The local preservation officer must also review and authorize the work. The item can then be placed on the County's Historic Preservation Board agenda. The Property Appraiser prepares the Revenue Implications Report when they consider the project substantially complete, and provides this report to the County Historic Preservation office. The tax exemption is calculated using the millage rate for the year in which the project was completed.

Duration: The tax exemption takes effect on January 1 following substantial completion of the improvement and extends for a ten-year period. Failure by the owners to adhere to these standards would result in revocation of the exemption.

Project Details: This single family home was built in 1926 and is listed as a contributing structure in two local historic districts, the "Florida Pioneer Village Historic District" (1989) and the "Santa Maria Street Historic District" (2007.) Santa Maria Street is known for its many residences that reflect the Greek Revival and the Colonial Revival architectural styles.

The restoration included the removal of a non-historic one-story addition that had been made to the property, the restoration of original second-floor porches that had been removed in the 1960s, the structural enhancement of support beams and columns, and upgrades to all the plumbing, HVAC, and electrical systems.

Additionally, new doors and windows that are historically accurate were installed, as were cedar wooden shutters and copper gutters and downspouts. The original front entry feature was restored to its original appearance and a new roof was installed.

Period appropriate light fixtures, balustrades, wood picket fencing, and wood flooring were either repaired where possible or replaced to match the original materials.

The total amount spent on the renovation was \$1,406,999, with \$354,865 attributed to being spent on renovating the historic portions of the home. The amount of the exemption has been based only on the \$354,865 amount.
